RESIDENTIAL SPECIAL SCHOOL FOR CHILDREN WITH MULTIPLE DISABILITIES:

As per Census 2011 are 2.68 crore and are 2.21 percent of the total population of the country. These include persons with Seeing, Hearing, Speech, Movement, Mental Retardation, Mental Illness, Multiple Disability and any other disabilities. There are 21 types of disabilities as per Rights of Persons with Disabilities Act, 2016. Children with multiple disabilities have unique challenges to educators. They require more individualized support and care.

Director, Special Abled, Social Justice and Empowerment Department, Government of Rajasthan, Jaipur has sanctioned Residential Special School For Children With Multiple Disabilities to Mercy Rehabilitation Society, Sawai Madhopur. The said project started on 3rd December, 2016. Service providers must have a good understanding of Children with disabilities, when decisions are made about interventions and the plans and strategies for their implementation. In the district of

Sawai Madhopur, a very limited services available to Children with multiple disability. Children with multiple disabilities are suffering due to this and they are not getting adequate knowledge and skills with respect to requirement. A total of 47 children are enrolled in Residential Special School For Children With Multiple Disabilities (Mercy Rehabilitation Society, Sawai Madhopur).

The objective of residential special schools are as follows:

- Children can do daily living independently.
- All-round development of the child.
- Communication with the world around is most severely affected
- To develop ability to move around in the environment.
- Need regular help in simple day-to-day activities such as wearing a shirt, opening a door, finding a chair to sit down and so on.
- A highly structured educational / rehabilitation programme helps in their training etc.

The services for children with disability are not limited to special education but also therapeutic intervention. The physiotherapists as well as Speech Therapists are providing intervention to children with disability who are in need. The children with disability are also getting training in extra co-curricular activities. The children are using their innate potential for the learning of different things. Special school is providing educational and training to children with disability and other disability in barrier free environment. They are also learning with

peer as we made peer group in the school. Children with hearing impairment are getting training with sign language. We are also providing therapeutic services to children with intellectual disability to manage behavioral problems and to impart special skills.

Activities of Daily Living (ADL) make children independent for their own activities. Children with severe and profound category need more attention to complete activities of daily living so that they can do their activities of daily living independently. The children with severe and profound category are getting training for brushing, grooming, combing, buttoning and unbuttoning, and other activities. The children with disability have equally participated in the co-curricular activities. They were also exposed with festival, can do such activities before the festival at special schools for children with

disability and understand the concept of festival.

The children with disability also explore the day to day activities. We used to celebrate the birthday of children at schools so that they can enjoy the moment and understand the occasion. They also remember the others' birthday. We as social animal and living in society, children must expose from those activities which is celebrated. The children are very much confident with the activities conducted for them. They are learning in a good direction. School has 47 children with disability.

The service activities include psychological assessment, physiotherapy, occupational therapy, Speech Therapy, parents counseling etc. The center has equipped with teaching learning material for teaching the children with disability. The school conducting its regular curricular and co-curricular activities for children. The children with disability have been performing activities of daily living independently.

They are also learning 3R i.e. reading writing and arithmetic in barrier free environment taught by qualified special educator. They follow same curriculum made for class specific so that they can cope with other non-disabled children in the society except severe and profound. We are providing textbooks for them.

They are also getting training in social skills with the help of special educator as they lag behind in this area with respect to normal children. The normal children learning these things with observing, seeing, listening and understanding where as children with disability has problem. The children are cooperating consistently with the teacher and other students. They follow class room rules, developed kindness and helpful to everyone. In this way children are getting training for all-round development.

OPEN SHELTERS HOME FOR CHILDREN IN NEED:

Mercy rehabilitation society has been running open shelter for children in need in urban area under the Integrated Child Protection Scheme (ICPS), a centrally sponsored scheme of government–civil society partnership of Ministry of Women & Child Development, Government of India since 2015-16. The specific objectives of Shelter Home are:

- To provide essential services to missing, homeless and orphan children.
- To enhance capacities of persons who involved in service delivery
- To create database and knowledge base for child protection services
- To strengthen child protection at family and community level
- To coordinate and network with government institutions and non-government institutions to ensure effective implementation of shelter home.
- To raise public awareness about child rights, child vulnerability and child protection services.

The largest numbers of homeless children, street and working children, child substance abusers and child beggars, left on their own and in need of care and support, reside in urban areas. The main purpose of shelter home is to provide food, stay and other things on temporary base for the homeless, orphan or who away from home.

Open Shelter Home is with the approval of Child Welfare Directorate, Rajasthan. We opened Provident Fund account, ESI for all staff who are working with us.

A total of 122 such children got benefited with shelter home and they returned to their home. Rehabilitation of those children is purpose of shelter home. The counselling session were conducted for their parents. It was very challenging task to know the address and returned children to their home that left home. We worked for children to reach their home who are from Delhi, Uttar Pradesh, Madhya Pradesh and different districts of Rajasthan. Return them to their family is very challenging task.

Shri Arvind Singh Chauhan, Secretary, Mercy Rehabilitation Society got awarded by Smt. Anita Bahdel, Hon'ble Minister, Women and Child Development, Government of Rajasthan on the occasion of Independence day 2017. Shri K C Verma, District Collector, Sawaimadhopur had gracious presence during the award ceremony. The district collector appreciated the work of staff for this work.

Shri Arvind Singh Chauhan, Secretary, Mercy Rehabilitation Society got awarded with "SAWAIMADHOPUR ALANKARAN" by Princes Diya Kumari, Hon'ble MLA, Sawaimadhopur and Brand Ambassador Beti Padao Beti Bachao on 20 January, 2018.

All children enrolled in shelter home returned to their home. They were also counselled for sending schools for mainstreaming. Shelter Home is very much helpful for homeless, orphan and street children and for their rehabilitation. They met with their parents and reached home with the help of Shelter Home. Few snaps are as follows:

The media also given importance to these works and time to time given space on their page. Public of Sawai Madhopur got aware about the Shelter Home and the work of it. Whenever any such children found the public, police station and railway personnel send information to Shelter Home about the children. In this way we are providing services in Sawaimadhapur district.
